relative to construction, at the same time that OPC is conducting negotiations for the base itself. A study on the subject is to go forward with the memorandum.

Item VII: Informal discussion of the Functions and Organization of the Communications Division

The Chief, Communications suggested that this item be dropped from the regular agenda of the Board meetings, and that an entire meeting be devoted to the presentation of this subject. December 20 was selected as the date when this presentation would be made.

Item VIII: Policy of Staff Communications OSO and OPC

As requested at the last meeting, the Communications Division presented a paper outlining the consolidated regulations of this policy. The Board agreed in general to the outline, but a few minor changes are necessary, and it will be resubmitted at the next meeting for the signatures of the members of the Board.

Item IX: Analysis of Delay in the Implementation of World-Wide Communications Plan

This item was carried over to the next meeting.

25X1 [] brought up the subject of destruction of cables and the Chief, Communications reported that the Security Branch of the Communications Division has prepared a paper of appropriate revisions of the existing regulations and will report the progress of its implementation in the regular monthly progress report.

New Business:

Distribution of Cables

25X1 The Communications Division presented a paper on this subject. This was initiated by a request by OPC requesting that OPC be furnished information copies of OSO cables which have been coordinated by OPC. [] will discuss this subject with the cognizant personnel in OPC and report their comments at the next meeting.

The meeting adjourned at 4:40 PM.
